

# HIGH SPEED DYNAMIC CHECKWEIGHER

Group of **Citizen** SCALE (I) PVT. LTD.

**VinSyst**<sup>TM</sup>  
Technologies

Ideal for Food, Pharmaceutical, Beverage, Chemical, Packaging, Machine, Telecommunication, Personal Care, Forwarding, Electronic, Garment, Metallurgical Industries, etc.

## Features :

Designed for Control of Packaged & Unpackaged Goods

### Detection Theory : High Speed Digital Weighing Sensor

HACCP, GMP & FDA Approved

Windows embedded system

Various information on real time display

Historical data recall and statistics

9 weights zones confirmation

Network Connection

Light frame design

Waterproof Design

3 Operating Level

Built-in Power Stabilizer

Buzzer & Lamp Alarming with Rejectors

Data Storage & Data Printout ready

Easy  $\pm$  Tolerance Control

Easy Integration in Existing Production Lines

Adjustable Belt Speed

Conveyors easy to remove and clean

Anti-Vibration Legs with Height Adjustment

Feedback Signaling

## Specifications.

- Model : H-ACW 600
- Measurement : High Speed Digital Weighing Sensor (EMFC)
- Alarm : Buzzer & Lamp
- Belt speed : Max 120m/min
- Power Supply : AC110V / 220V 50-60Hz
- Rated Output : Appr. 200W
- Dimension : 737mm (L)\*460mm(W)\*1181+/- 10mm(H)
- Weight : Appr. 97Kg.

Model	H-ACW 600
Max Capacity	3~600g
Accuracy	$\pm 0.1$ g
Reject Systems	Air Jet Reject / Pusher Reject
IP Rating	IP 66 / IP67 / IP68
Sorting Speed	Max. upto 400 bags / min
Working Temperature	05° $\pm$ 40°C
Display	Interactive Color Touch Screen
